Texas Hill Country compound presents unique investment opportunity. This is a rare offering in one of the region's most sought-after destinations. This remarkable 6.28-acre property presents an exceptional opportunity for those seeking both a personal retreat and substantial income potential. The property encompasses five distinct residences and a versatile workshop, delivering over 9,720 square feet of living space. Together, these structures provide 16 bedrooms and 9 baths, currently generating revenue through established vacation rental channels. Each residence maintains its own character, with four featuring private fenced yards that create intimate outdoor spaces for guests or long-term occupants. Thoughtfully designed internal roads with convenient turnarounds connect the homes, creating seamless movement across the estate. The infrastructure has been carefully developed with four septic systems, three propane tanks, and dual water sources including both city connection and well access. A private road easement ensures convenient entry, while a designated main entrance welcomes visitors. This investment extends beyond the existing improvements. With minimal restrictions and no zoning constraints, the property offers flexibility for future enhancement with approximately 3.5 acres and 200 feet of Nutty Brown Road frontage undeveloped. Currently operating successfully in the short-term rental market, this compound demonstrates proven

revenue generation in an area recognized for its appeal to visitors and event attendees. The combination of established income, development potential, and strategic location creates a compelling proposition. Available by appointment only.
